## • National Social Services (NSS)

National Social Services Scheme is conducted throughout the year. The objective of such activities are personality development, community service, youth awareness on social issues, disaster management, immunisation and sanitation drives, etc.

Special camps are conducted for motivating the youth and capacity building of knowledge and soft skills to encourage the students community.

## • Industrial Visits

Industrial visits give students a practical exposure and an opportunity of relating theory to praxis. An industry visit is also an occasion of fun, adventure, and relaxation and self learning. As part of this initiative, around 55 MCA and BMS students visited the Coca Cola factory in Punjab and understood the functioning of the business. They also visited Amritsar, Manali and Wagah Border.

It was a good learning experience for the students.

## • Scholarships

As per the Government of Maharashtra DTE and Central Government, rules scholarship is available to all category of candidates subject to fulfilling the Government-laid administrative conditions and submission of the documents on time.

IBSAR has no role in the decision of these scholarships. If a candidate fails to submit and clear scholarship documentation from the relevant department, he/she will be treated as an open candidate and will have to pay full fee, and considered as an 'open category candidate' (before he is allowed to sit for the final exam of the year), or as soon as it is known that the government has decided to process the category students for scholarship.
